

Deleted Questions List 23-01

1. This listing shows questions deleted from the identified Promotion Fitness Examinations (PFEs) and Specialty Knowledge Tests (SKTs).
2. Check this listing first when an examinee wishes to query a test question.
 - a. If the question appears on the listing, advise the examinee the item will be deleted from final scoring and that no further action is needed.
 - b. Do not provide information on deleted questions before or during test administration.
 - c. If the question does not appear on this listing, the examinee may complete AFPT 230, *AFPT Query*. See the instructions in AFPT 250, *Instructions for Administering Air Force Promotion Tests* (SKTs and PFEs).
 - (1) The examinee must complete Part I and most of Part III immediately after the testing session; they are permitted to return within **seven days** with a valid reference.
 - (2) Do **NOT** process query forms without a valid reference; incomplete forms should be destroyed.
 - (3) **A separate AFPT 230 must be submitted for each item query.**
 - (4) Acronyms should only be queried if they are defined incorrectly and the mistake causes a test item to be invalid. In such cases, the specific item(s) should be queried. **Do not process any requests to query the absence of an acronym.**
 - d. Since the details of test items are Controlled Test Material, follow packing instructions in AFMAN 36-2664.
 - e. All queries must be handled and shipped with the same level of classification as the test booklet it is derived from.
 - f. Forward the queries by registered mail to:

- AETC SAS/AAA, 73 Main Circle, Bldg 661, JBSA-Randolph, TX 78150-4449
 - g. Forward queries as soon as possible to allow SAS/AAA time to research the questions and revise the final scoring key if needed.
3. The questions on the following pages have been deleted from scoring for the cycle indicated. Do not delete or mark through these questions in test booklets. An asterisk (*) in column one denote entries which are new or changed since the previous listing.
